CEO LETTER TO MEMBERS

Birds chirping, flowers blooming, and trees budding - these are all signs that spring is quickly approaching. After the long, cold winter that we have had, I am very excited for the spring months ahead - and we hope you are as well.

Family Advantage Federal Credit Union is committed to giving our members more in the spring of 2022. We offer unique and personalized experiences through a full range of financial services and products available online and in person. Whether you may need a new auto loan, help setting up a college savings fund, or assistance with purchasing a new home, our staff is dedicated to creating customized member experiences with seamless financial journeys for all of our members. Save time by visiting us online for a wide range of financial products and services, or stop by and see us in person; we always love to see our members!

- John H Kenley, IV

Core Change Coming Soon!

The credit union is upgrading to a new core platform that will offer new technologies, new services, and enhancements to already existing services. Please visit our website in the upcoming weeks for updates!

A Few Ways to Save Money This Spring

Plant a garden

Growing your own food is good for your finances and your health! It can also be a really fun activity to do with your kids.

Clean out your closet

While cleaning out your closet, you may find clothes you forgot about. You may realize you have more clothes than you thought - this can decrease your urge to shop. You can also turn those old clothes into new money. There are a lot of second-hand shoppers out there who would love to wear your old clothes and will even pay you for them.

Stock up for next winter

Take advantage of seasonal sales to get winter items for a fraction of the price! Lots of retailers want to move their winter products and will run sales to get them out of their shops. This is a plus for you!

Get Ready For Adventure!

Get ready for adventure with an auto loan from Family Advantage FCU! Hit the road and soak up the last few days of summer.

Why Spring is the Prime Time To Refinance

For many people, spring is a premier time to pull the trigger on mortgage refinancing. Here we share the top three reasons:

- **You'll have the best opportunity to utilize proceeds:** Many people choose to refinance as a way to get cash back for a significant remodel. By refinancing in the springtime, you have spring, summer, and fall to work on these projects
- **Spring clean your finances:** Spring is a good time to "clean up" and get things straightened out
- **The interest rates may go up:** Rates may be higher by the time summer or fall arrives
