TIPS FOR HOSTING THE HOLIDAYS ON A BUDGET

It's the holiday season, and your family festivities need a proper setting! You're a fabulous host, but your wallet always pays the price! Create cozy memories and table spreads that wow without breaking the bank. Follow these budget-friendly tips to put those coveted Hallmark movie scenes to shame:

Build your budget over time to help alleviate costs. Creating holiday memories out of pocket is a big undertaking! If you open a Christmas Club Account, we do the work for you! Monthly deposits can be made into your account, which will then become available just in time for those seasonal trips to Home Goods.

Encourage your guests to bring dishes. There's nothing quite like a potluck. When everyone brings something, it's less stressful for the host! Plus, you can swap recipes and enjoy your new favorite sides and desserts for years to come.

We wish you and yours a very happy holiday season! We hope you'll put these two quick tips to use to make the season bright and affordable.

Life happens. We get it.

Secure the funds you need for some unexpected expenses. Because life happens. Apply for your home equity loan and get a great low rate and the dependable service you deserve.

Introduce the jar method: Get clear jars and label one for spending and one for saving. They can visualize their goals and see their progress!

Cut coupons together: Cutting coupons with your littles is a creative way to teach about savings! It shows them how to shop wisely and find the best deals.

Offer incentives: If your child sets a savings goal like buying a new pair of sneakers, offer to match their contributions.
